SPECIAL ROBERT SUN SIGNATURE EDITION

TOURNAMENT KIT

Hold a 24® Game Math Tournament in your school!

A **SIGNATURE EDITION TOURNAMENT KIT** provides all the materials you will need to make planning and implementing a 24® Game tournament easy! Extremely versatile—can be used for a classroom tournament or combine several kits to host a school event. Detailed information on tournament Organization and Rules are included.

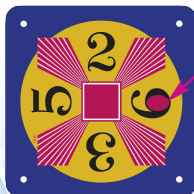

A 24® Game competition gets students excited about math, while improving their skill level. Tournaments are an excellent vehicle for propelling students into the world of mathematics. Benefits for your students can include:

- Improved focus, with the ability to remain emotionally centered under pressure
- Quickness in thinking and increased confidence in mental-math abilities
- Pattern-recognition proficiency

The 24® Games in this kit contain varying degrees of challenge. Through game play, students are rapidly involved in skill acquisition. They practice basic facts of addition, subtraction, multiplication and division and universal skills such as critical thinking, problem solving and pattern recognition. Students practice with the decks in class for several days or weeks, honing math skills in preparation for the Tournament.

24® Game Editions included:

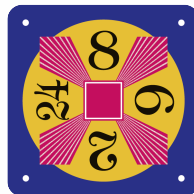

Examples - Single and Double Digit, 1 Dot (easy) cards

Nines are filled with red

Possible solution:

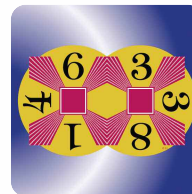

$$\begin{aligned} 9 - 5 &= 4 \\ 4 \times 2 &= 8 \\ 8 \times 3 &= 24 \end{aligned}$$

Possible solution:

$$\begin{aligned} 6 + 2 &= 8 \\ 8 \div 8 &= 1 \\ 1 \times 24 &= 24 \end{aligned}$$

Variables Example (variable can be 4)

For more challenge, ask students to solve **TWO** Variables cards at once—that's four wheels, all solved with the same variable number

Left wheel solution:

$$\begin{aligned} 6 + 1 &= 7 \\ 4 \times 7 &= 28 \\ 28 - 4 &= 24 \end{aligned}$$

Right wheel solution:

$$\begin{aligned} 3 \div 3 &= 1 \\ 4 - 1 &= 3 \\ 3 \times 8 &= 24 \end{aligned}$$

Energize your math curriculum!
