

24®Game(Maths24) Fractions/Decimals (96 Cards)

Ages 11 & up

Stock: In Stock

Price: R664.58

Description

Fractions/Decimals (96-card deck) The Fractions/Decimals edition plays just like the original Single Digits edition. Object of the game is to make 24. You can add, subtract, multiply and divide. Use all four numbers on a card, but use each number only once. There is at least one solution to every card. Three levels of challenge.
