

Zometool Creator 3 Construction Kit – STEM Educational Building Toy Ages 6+

Stock: Out Of Stock

Price: R4,540.63

Description

The Zometool Creator 3 is a premium 3D STEM/STEAM construction kit for creative play and spatial learning. Its colour-coded nodes and struts help users build mathematically accurate structures while exploring geometry, engineering, art, and nature-inspired designs through hands-on, screen-free discovery.

- **738 Premium Components-** Build thousands of detailed 3D models using colour-coded struts and nodes.
- **STEM & STEAM Learning-** Supports science, technology, engineering, art, and maths skills through interactive play.
- **Mathematical Accuracy-** The 62-direction node system encourages spatial reasoning and strong geometric structures.
- **Guide Included-** Step-by-step instructions support beginners and advanced builders.
- **Durable Design-** High-quality components are made for long-term use.

Ages 6 to Adult - Scalable difficulty makes it suitable for children, teens, and adults.
