Math For Love Subtraction by Heart

Stock: In Stock

Price: R849.89

Description

Visual Math Mastery: Uses concrete illustrations instead of abstract rote drilling to help students grasp the actual mechanics behind subtraction.

Science-Backed Spaced Repetition: Features an integrated filing system engineered around physical memory spaces to transition tricky calculations smoothly into permanent recall.

Progression-Based Decks: Systematically moves a child from basic visual patterns to swift automaticity via three distinct learning levels.

5-Minute Fluid Daily Habit: Crafted specifically for low-friction, brief interactive sessions that reduce homework-related anxiety and screen dependency.

Transitions to a Play Deck: Once subtraction concepts are fully mastered, the materials seamlessly convert into a versatile deck filled with puzzles, multiplayer options, and extra strategic games.

Whats in the box

- Custom storage case featuring integrated slots for spaced repetition practice
- 1 x Comprehensive gameplay rule guide & learning instruction booklet
- 145 x High-contrast visual subtraction flash cards divided across three progressive stages:
